

# MVMA

The Milwaukee Veterinary Medical Association invites all DVM's to:

## ***Canine Heartworm Disease: What's Old, What's New?***

The objective of this lecture is to provide a comprehensive overview of the most current understanding of heartworm disease in the US. It will include information from the most recent American Heartworm Society symposium and guidelines covering: heartworm lifecycles, testing, prevention, mosquito vectors, compliance issues/lack of efficacy, resistance and pathogenesis in the dog. Special attention will be paid to disease prevalence and the need for year round prevention.

Presented by:

### **Tom Nelson, DVM**

**Past President of the American Heartworm Society  
Immediate Past Member of the Board of Directors of the  
Companion Animal Parasite Council  
Member of the American Feline Heartworm Disease Council**

**DATE: Tuesday, February 24, 2015**
