

ZOETIS & MVMA CORDIALLY INVITE YOU TO AN EVENING CONTINUING EDUCATION EVENT

"Innovative Therapies in Veterinary Dermatology: What's On the Horizon?"

Presented By:

Douglas J. DeBoer, DVM, Dipl. ACVD

Dr. DeBoer is a graduate of the School of Veterinary Medicine, University of California-Davis, and completed postgraduate training at Michigan State University and at UC Davis. In 1986, he joined the faculty of the School of Veterinary Medicine, University of Wisconsin-Madison, where he is currently Professor of Dermatology. His duties include teaching foundation principles of clinical dermatology to veterinary students, and his research and clinical interests center on the immunology of recurrent and chronic skin diseases, with a focus on canine allergic skin diseases and feline dermatophytosis. He is a diplomat of the American College of Veterinary Dermatology and received the ACVD Award of Excellence for Contributions to Science and Education in 2003. Dr. DeBoer has served on the scientific editorial boards of the *American Journal of Veterinary Research* and *Veterinary Dermatology*, and currently is chair of the International Committee on Allergic Diseases of Animals.

and... "Dermatology from a GP's Perspective:

A Case Study Review"

Presented By:

Randy Schuett, DVM

Dr. Randy Schuett is the co-owner and founder of Pewaukee Veterinary Service. He received his undergraduate and DVM degree from Kansas State University and opened the hospital in 1975 with the vision to give the surrounding communities, his clients, and their pets the best veterinary health care available. A former president of the Wisconsin Veterinary Medical Association (WVMA) and member of the American Veterinary Medical Association (AVMA), Dr. Randy has been active for many years in both associations in a variety of roles. He will share case studies on Apoquel, opportunities with continued inventory expansion, as well as give a sneak peek of other innovative therapies to come.

TUESDAY MAY 10th, 2016
