

The Milwaukee Veterinary Medical Association invites all DVMs and CVTs to:

## **Seizures: Old & New**

Dr. Williams will introduce seizures as a process with the pathophysiology and discuss some old and new options for anticonvulsant therapies, including side effects, therapeutic value and studies of late.

Presented by:

### **Cassandra Williams, DVM, DACVIM-Neurology Wisconsin Veterinary Referral Center**

Dr. Williams graduated from the University of Wisconsin School of Veterinary Medicine and completed her Residency in Neurology at the Veterinary Medical Center of Long Island. Prior to completing her residency, she completed her veterinary medical/surgical internship at Georgia Veterinary Specialists. Most recently, Dr. Williams practiced neurology at BluePearl Veterinary Partners in Midtown, NY.
